

Season Schedule Expectations for Parents

The following is the anticipated schedule for games and practices for Baseball, Softball and Tee Ball based on what we have done in the past. **THESE SCHEDULES ARE NOT GUARENTEED** and subject to change at any time based on field availability, league enrollment, weather, coach and volunteer schedule conflicts, etc.

Practice schedules are provided by your coach and will typically come out 1-2 weeks at a time and will not be ready until the 1st or 2nd week of March. Practices typically begin 3rd or 4th week of March depending on weather and field conditions. We try to schedule up to 3 practices per week for all teams before the season and try to add 1 practice day during the season.

Game schedules will be written in coordination with other towns for interleague and may not be ready until April as all leagues must be finished with registration before scheduling can begin. Your coaches will communicate game schedules once they are finalized. **Teams should expect to play 2 games per week.** Games typically begin after Easter with the season ending around June 1st. Playoffs are the first 3 weeks of June. (Tee Ball does not have playoffs)
